OBJECTIVE:

To provide expertise in a fast paced technical environment developing and designing user-friendly and appealing web sites and graphics.

EDUCATION

Dixie State College

Fall 2008-2011

I received a Bachelor's of Science in Computer Information Technology with an Emphasis in Visual Technologies. I have experience with the following technologies:

Platforms

Windows
Mac
Linux

Applications

Adobe Creative Suite
Office Suite
Wordpress

Web Development

HTML
CSS/SASS
PHP/MySQL

EMPLOYMENT

Xennsoft, LLC

May 2014-Present

Working at Xennsoft has given me an opportunity to improve my design skills with a variety of projects including logo design, marketing, package design, website design, and implementing company branding throughout all projects. I have also led the company in creating innovating marketing strategies to increase website traffic and ultimately sales.

Cache County

April 2012 - April 2014

While working at Cache County I completely re-designed the Cache County website with a modern more effective design allowing each department access to just their section of the website. I also redesigned the Sheriff's Office site, Visitors Bureau, and Fair sites.

Contract Graphic & Web Design

April 2010 - Present

I have completed several contract projects designing logos, websites, & marketing material for a variety of companies, businesses, and non-profit organizations. I also provide my clients with the option to host their website on a webserver I built and maintain.

AWARDS AND ACCOMPLISHMENTS

- Successfully host several web sites on a server I built from the ground up
- Designed a website comp that was chosen out of 40 other students/designs, 2011
- Received my Bachelors Degree, 2011
- Young Women Recognition Award, 2008
